Woburn High School  
Woburn, Massachusetts  
Volume XVI

Within the span of our high school careers, our eyes have turned skyward, and the importance of science as the key to our nation's survival has been realized. In your hands, hundreds of students have discovered the wonders and forces of the universe in which we live, an experience which has added immeasurable dimension to our lives. Moreover, your relationship with us has extended beyond the ordinary role of teacher; you have been our counselors, guides, and friends. Unselfishly you have given us much of your free time, not only in the exploration of subject matter but also in the discussion of our futures and in the solving of little problems of daily life. As an expression of our deep gratitude and affection toward you, we dedicate the 1962 INNITOU to you.

**Mr. Robert Cohen**

**Mr. Harry Marderosian**

DR. J. FRANK HASSETT

## Our Superintendent

Characterized by education and experience, which are both long and extensive, Dr. J. Frank Hassett was graduated from the College of the Holy Cross with a Bachelor of Philosophy degree, received his Masters Degree from the University of Massachusetts and studied for his doctorate at Calvin Coolidge College of Liberal Arts.

Serving as Superintendent of Woburn Public Schools since 1945, Dr. J. Frank Hassett has long distinguished himself by his active membership in state and national professional educational organizations and by his energetic interest in such civic charities as the Community Chest, the United Fund and the March of Dimes.

## Our Principal

Mr. Henry D. Blake, a former graduate of our school, became principal in 1951. After receiving his Bachelor of Arts degree from Yale University, he complemented his education with a Masters Degree at Boston College Graduate School, followed by further study at Boston University Graduate School and Harvard University Graduate School.

Mr. Blake, who served as a naval officer in World War II, maintains membership in many educational organizations of a local, state and national nature. In addition, he is an incorporator of the Woburn Five Cent Savings Bank, a Director of the Burbeen Lecture Committee, a Trustee of the Woburn Public Library and a Trustee of the Choate Memorial Hospital.

During his years as principal, Mr. Blake has been instrumental in keeping Woburn High School abreast of all current developments in the constantly changing field of public education.

## Guidance

Timothy F. Ring, Guidance Director, Robert J. O'Brien, Guidance Counselor, John M. Moran, Guidance Counselor

Seated, left to right, Miss Judith Berry (Pep Club Advisor), Mr. Joseph F. Curran, Jr. (Key Club Advisor, Innitou Advisor), Miss Geraldine Soles, Department Head, (Student Council Advisor), Mr. James O'Donnell, Miss Sheila O'Brien (Junior Red Cross Advisor). Standing, left to right, Mr. William Roche (Driver Education), Mr. James Foley (Student Council Advisor, Assistant Basketball Coach), Mr. Matthew McNamara, Mr. Paul K. Sweeney (Junior Class Advisor, Assistant Baseball Coach)

## History

Without a good knowledge of the past, it is impossible to understand the present or to prepare for the future. The Social Studies Department, under the direction of Miss Geraldine A. Soles, provides an understanding of the road of human history and knowledge of the workings of our government and the challenges which it faces. World History shows the great epic of man's life on this planet, and gives the general background of history necessary for good citizenship. United States History throws light upon the tremendous development of this youthful

republic, and shows the problems which our nation faces as a world leader. The Problems of Democracy course makes students more fully aware that only through individual responsibility and participation in government can the tide of Communism be stopped and freedom be spread.

Since individual participation is the cornerstone of democracy, students have become more fully aware of the workings of our government through the Student Council and the annual class elections.

Doucet (Reading Club), Mr. Roger Grant (Prize Speaking Contest), Mr. John McCarthy, Mr. Myles Burke (Tanner News Advisor), Mr. George Bower (Nomad Advisor, Sixth Sense Club)

## English

Unquestionably the most important knowledge that we can obtain from a high school education is the ability to communicate with other persons. Without this knowledge, study in all other areas is virtually impossible. Our English Department, under the direction of Mr. Paul Murphy, provides a thorough treatment of each of the large areas of communication — speaking, listening, reading, and writing. In addition, ample coverage of all the important elements of grammar, interrelated with challenging activities that develop understanding through application, is given.

Formal and informal group discussion and special projects, such as panel discussions or debates, present the opportunity for expressing ideas orally and make the student capable of recognizing faulty conclusions and of distinguishing fact from opinion.

Competent theme correctors are available who administer counsel when the student deems it necessary.

So that a student may read books of all subjects with as much speed and comprehension as possible, a developmental reading program is in operation for enjoyment as well as for learning.

As mathematics touches upon all aspects of our existence, our Mathematics Department, under the direction of Mr. William J. Horrigan, offers many different courses in mathematics in order that all students may obtain as much training in mathematics as is possible. Algebra and geometry are offered on both college preparatory and general levels. Advanced courses are more theoretical in nature, and are necessary for all students planning careers in engineering or the sciences, and are helpful to those desiring a broad liberal arts preparation, for these courses show beginnings of the great mathematical patterns upon which the universe has been built.

Mr. Horrigan explains determinants to Harry.

## Mathematics

Seated, Left to right, Miss Helen Salmon (Dean of Girls), Miss Virginia Hall (Math Club Advisor), Miss Catherine Herlihy (Future Nurses Club Advisor). Standing, left to right, Mr. Frank Loguidice (Radio Club Advisor), Mr. William Horrigan, Department Head, (Senior Class Advisor), Mr. David Reycroft (Math Club Advisor)

Seated, left to right, Mr. Robert B. Cohen (Science Club Advisor), Mr. William J. Horrigan, Department Head, (Senior Class Advisor), Miss Sheila O'Brien (Junior Red Cross Advisor), Standing, left to right, Mr. Frederick J. Murphy (Chess Club Advisor), Mr. Frank T. Loguidice (Radio Club Advisor), Mr. Neil Lewis, Mr. Harry Marderosian (Science Club Advisor)

## Science

Man has always probed into the universe in an attempt to understand better both himself and his environment. In Woburn High, students find answers to some of their questions concerning the universe and its workings by means of the courses offered by the Science Department. Although one year's study in such areas as chemistry, biology, physics, and general science cannot go into great detail and specialization, the underlying and more important aspects of these fields are treated in a manner which makes

the world much more understandable to us. The student who wishes more study in the areas of chemistry, physics, or biology has for his use a program of Saturday morning laboratory classes in which more extended study and the development of independent laboratory technique is made possible. Additionally, students are able to do research in great detail upon a specialized topic of interest to them by the preparation of a project for the annual Science Fair.

### SATURDAY MORNING LAB.

Seated, left to right, Mrs. Kathleen Nisco, Mr. Ernest Mazzone, Department Head, (French Club Advisor), Miss Geraldine Rucki (French Club Advisor), Standing, left to right, Mr. Jean P. Houde (Classics Club Advisor), Mr. Anthony Feroci (Spanish Club Advisor)

## Foreign Languages

Because of the rapidly increasing need for a working knowledge of foreign languages in both education and the business world, our foreign language department, under the direction of Mr. Ernest Mazzone, has revolutionized its

*La leçon va bien!*

outlook in the brief period of time that he has been associated with the high school foreign language program. The study of elementary Spanish and French, as well as Russian, on Saturday mornings, is devoted entirely to aural-oral (hearing-speaking) comprehension. A simplified laboratory composed of tape recorders and head sets helps the student acquire the necessary pattern and structural drills. As a result of this method, students, when beginning to read and write, glide into foreign languages undaunted by vowels of different value and unintimidated by new alphabets. In the field of classical languages, the study of Latin offers the student a vital link with the glories of a past civilization and makes even more pleasant and rewarding the study of Spanish, French, English, as well as World History and Biology.

Good, no errors!

## Business Education

Seated, left to right, Miss Alice Badger (Innitou Advisor), Miss Doris T. Lynch, Department Head, (Business Ed. Club Advisor, Tanner News Advisor), Miss Eleanor McCall (Innitou Advisor), Standing, left to right, Mr. I. Edward Marashio, (Faculty Manager of Athletics), Miss Judith Berry (Pep Club Advisor), Mr. Richard Skeffington (Sophomore Class Advisor, Basketball Coach, Assistant Football Coach), Miss Alice E. Brady

This beats addition!

This department, under the direction of Miss Doris T. Lynch, is designed for pupils who plan to be stenographers, bookkeepers or clerks, and also provides preparation for the fields of accounting, salesmanship, the administration of small business and the area of civil service.

The program provides terminal education for many students and the strategic location of the City of Woburn in relation to industrial Route 128 and the banking and insurance centers of Boston provides numerous opportunities for employment.

In addition, the Business Education Department provides valuable electives in personal typing and general business for the pupils in all other curricula at Woburn High School.

# Music Library Art

Miss Sheeran is always willing to help.

Left to right, Mr. Edson L. Kimball (Director of Senior Play, Band, Orchestra), Miss Helen Sheeran (Librarian, Future Teachers Club Advisor), Mr. Frank Newark (Art, Fine Arts Club Advisor)

Mr. Edson L. Kimball, head of the Music Department, is directly responsible for our talented band and orchestra. These groups participate in many school functions and give senior high musicians a chance to display their abilities in public. Music appreciation classes are designed to enrich the students knowledge of the great wealth of music which has come to us down through the centuries.

In the Art Department, a course intended to produce a basic understanding of the principles of both two and three dimensional design is offered under the guidance of Mr.

Frank Newark. Problems basically adaptable to either commercial or fine art techniques are solved, and the history of art is discussed.

The Harlow Library has a collection of several thousand books, hundreds of periodicals and pamphlets, and a number of filmstrips and recordings. The primary function of the library is to provide resources for students and teachers and to stimulate reading. Each year a Paperback Book Fair is held under the direction of the School Librarian, Miss Helen Sheeran.

Standing, left to right, Miss Jane Cowhig, Miss Carol Donovan, Seated, Miss Barbara Dunbury (Hi-Teen Fashion Club Advisor)

The Home Economics Department, under the direction of Miss Barbara Dunbury, is now offering a course for senior high girls in clothing construction and wardrobe planning. This class meets five periods per week, two of which are devoted to lectures and three to laboratory work. Personal grooming, design, budgeting, consumer information are some of the units covered along with actual garment construction.

In the Shop and Mechanical Drawing Department, courses in woodworking are available for those seniors who desire them. However, the larger part of the program is devoted to the drawing courses, mechanical and pre-engineering. A beginning treatment in graphic representation is an important part in work training for those who do not plan any further formal education, and is also an important part in the college preparation for students planning a study of engineering.

## Physical Education

All the knowledge in the world is of little use to our students unless they possess strong and healthy bodies. The Physical Education Department offers a pleasant change from mental activity to physical activity.

This year, physical fitness examinations have been administered to all students as a part of the national effort to improve the health of American youth. As a result of this program, the students have approached their exercises with fresh ambition and purpose. Additionally, physical education classes give students an opportunity to participate in team games, and also give instruction in the ways of good health.

## THE FLIGHT

As fledglings on our first attempted flight,  
We left our nest in search of higher learning.  
Embarking on our trip to seek the right,  
We knew that time would grant us no returning.

The molting of our feathers came with time;  
Each passing day our knowledge did increase.  
No longer nestlings, we enjoyed the clime,  
As wings, untried, have been with strength released.

Now that our trial-flight days are almost o'er,  
And parted are the days of erudition.  
Now on to even greater heights we'll soar,  
As we go forth to seek our life's ambition.

Jo Ann Anglim

## **TOMORROW'S NOW TODAY**

Time has come to part friends  
As we end the days  
Filled with books and teachers  
That have steered our ways.  
Now the World is calling  
And to us does say,  
"Grad'uates on your way now,  
For tomorrow's now today."

Each must try his utmost  
In his separate way.  
To give to life a meaning  
Is the hope we pray.  
Keep the country growing  
And let freedom stay,  
Grad'uates on our way now,  
For Tomorrow's now today.

Tune: Let Me Call You Sweetheart

Entering Woburn High School late in the year as a senior, Karin is a charming eighteen year old German girl. A resident of our city since her arrival in the United States in December 1961, Karin comes from Magdeburg, East Germany. Karin has made many friends and has actively participated in her college curriculum course, as well as extra-curricular activities.

Our hearts look to the future as  
our senior year at Woburn High ends.

Our school

## Student Council

Our school operates in a democratic atmosphere with students participating in its functions. The Student Council, as a link between the administration and the student body, has the task of maintaining this democratic society. The Council is made up of one representative from each homeroom. These students meet two Thursdays a month to discuss and act upon their important duties.

The Student Council is active in all phases of school life. The class elections are under their direction, as is the annual Booster Dance. The Council sponsors a faculty Christmas Tea and innumerable student activities at Woburn High School.

President Donald must have something important to discuss.

## Innitou

The INNITOU, the yearbook of the Senior Class, presents pictorially the activities at Woburn High School and develops skills related to the publishing fields. The Yearbook is financed by contributions from interested citizens and advertisers, as well as the sale of subscriptions. The Yearbook staff also sponsors the annual Senior Banquet in June.

The staff, composed of 20 Senior members and 2 Junior representatives, meets weekly. The work is continuous throughout the year and requires many hours outside of school time.

The most important reward for the staff members is the satisfaction of a difficult job well done. The INNITOU is certainly one of the most treasured possessions of a Woburn High School graduate.

## Tanner News

The objective of the Tanner News, our school newspaper, is to inform and entertain its readers. The paper offers to the public an excellent image of our school, the faculty, student body and all activities. Besides the publicity being beneficial to the school, each staff member benefits by his participation in the editorial or business activities.

In recent years, the Tanner News has been distributed four times a year with the Woburn Daily Times as a special section. In this way, the entire community is made aware of activities at Woburn High School.

Miss Lynch, Financial Advisor, helps Business Manager Bob DeLuca solve a problem.

## National Honor Society

The maintenance of a "B" average throughout the sophomore, junior and senior year is necessary for membership in the Woburn Chapter of the National Honor Society. Members must show leadership, cooperation in educational and extra-curricular activities, and, above all, good citizenship.

Seated, left to right, M. Gorassi, J. Kenney, I. LoFaro, S. Walker, Secretary, B. Wilke, Standing, left to right, Miss Salmon, Adviser, R. Blacklock, M. Lundin, L. Eddy, M. Sheeran, J. Chalmers, D. Swanson, L. Seavey, F. Shelton, President, J. Addario, J. Otis, Vice President, B. Loewy

The French Club's goal is to further acquaint the members with the language and culture of France. As part of the program, movies dealing with phases of French life, as well as the geography of the land, are shown each month. In addition, the Club conducts its annual Christmas party and publishes a French newspaper which is available to all students of the language.

The Spanish Club serves to aid students in better understanding the interesting cultures of the world's many Spanish-speaking countries. The Club's program, which includes films, speakers, and discussions, is augmented by a Spanish newspaper which is published occasionally. The Club's activities, together with classroom study, provide the student with a well-rounded background in Spanish life.

## Classics Club

The Classics Club, under the direction of Mr. Jean Houde, tries to promote a well-rounded background for Latin students by delving more thoroughly into the cultural lives of the Romans. Activities such as the reading of great books and attending movies and plays based on ancient history, make the lives of these ancient people more vivid and important to the Latin students.

## Future Teachers of America

The Future Teachers Club plays an important role in the future of each member. The club offers a view of the realities of the teaching profession in order that students may be able to make their choice of a profession more wisely.

As part of its varied program, the club invites many speakers in the teaching field to appear before them and give their views on the many changes that are constantly taking place in education. Junior and Senior girls have met with outstanding success in observing classroom methods in the elementary schools in a program made possible by Miss Bertha Bane, Elementary Supervisor.

The Future Teachers Club meets twice a month and hold two social events each year, the Christmas Party, where the induction of new members takes place and the Spring Tea, at which the elementary school teachers are honored guests.

Miss Sheeran, Advisor, explains the procedure to the officers. Left to right, Petrina Zazzaretti, Treasurer, Susan Walker, President, Karen Georgoulakos, Vice President, Carolyn Brown, Secretary

Joan is guarding the food supply.

## Future Nurses

The Future Nurses Club attempts to introduce girls who are interested in nursing careers to its different aspects by having nurses frequently visit to discuss the profession. The meetings are bi-monthly and there have been several outings to hospitals. The members have also been fortunate to accompany the visiting nurse of Woburn on her day's work throughout the city. In return for this privilege, the girls roll bandages.

Beatrice pours tea for the guests

## Business Education Club

The Business Education Club was formed to implant an "esprit de corps" among the senior girls in the Business Education Department. The mastery of the mechanics of business practice is mandatory for success, as well as the knowledge of correct manners and the social graces of the business world. The club, which meets every Friday, discusses these two important aspects of a business career. Miss Lynch, along with guest speakers, in this field, offers helpful advice to those interested in a career in the business world.

The girls return from a field trip to a Boston bank.

Pat looks suspicious of Dolly's generosity.

## Hi-Teen Fashion Club

A well rounded education consists of more than just knowledge acquired from books. Teenage girls must also possess the poise and characteristics of a young lady. The Hi-Teen Fashion Club, under the direction of Miss Barbara Dunbury, Advisor, attempts to help Woburn High School girls to become aware of the latest techniques of good grooming. Guest lecturers in related fields are invited to speak on topics of interest in the world of fashion. In mid-December, the members of the club gather for a Christmas Tea, at which time gifts are exchanged. In all, the Hi-Teen Fashion Club is a pleasant change in the regular learning schedule of the high school.

## Art Club

The Art Club exists primarily for the student who cannot fit the normal school art courses into his schedule. For the art oriented student, there is additional instruction in fields of special interest.

The club's adviser, Mr. Frank Newark, along with the members, plan an interesting program made up of field trips and engrossing projects.

## Nomad

The Nomad, the school's literary magazine, is the tool by which the young writers of Woburn High School display their ability and gain worthwhile experience. The staff, under the direction of Mr. George Bower, hopes that their efforts in producing essays, short stories and poetry will be a beginning to many successful literary careers.

## Key Club

The Kiwanis Key Club of Woburn High School is a service club for the school and community. It is sponsored by our local Kiwanis Club and is open to all boys in the Senior High School.

As members of a service club, the boys serve as "checkers" at school dances, guides at Open House, sell football programs and hold cake sales. The club has donated several worthwhile gifts to the school, including an organ, a tape recorder, books and a new 50 star American flag.

The following are the objects of the Key Club: to develop initiative and leadership, to provide experience in living and working together, to serve the school and community, to co-operate with the school officials and to prepare for useful citizenship.

"I don't care how much they cost, Ray, I want a program!"

# Math Club

The leaders of the Math Club: Left to right, Mr. David Rey-croft, Adviser, Susan O'Connor, Secretary, Frank Bruno, President, Miss Virginia Hall, Adviser

With the age of science in our midst, all possible comprehension of any science is sought. The Math Club, under the direction of Miss Virginia Hall, was established to increase scholarship as well as enjoyment and understanding of mathematics. Individual and group discussions are conducted on such topics as the slide rule, number bases, historical topics and topics in modern math. Therefore, the Math Club provides the interested student with the extra learning beyond regular classroom work.

## Chess Club

A gathering of intellectuals: Mr. Frederick Murphy, Adviser, Virginia Terwilliger, Philip Cederberg and Charles Forbes observe the chess maneuvers of Victor Maher and Robert Riley — Thomas Scott and John Mead.

One of man's most civilized games is undoubtedly the game of chess. This new club at Woburn High School stimulates interest in this ancient game of scholars. The group has outlets for all who are interested in chess, from the instructional level to the level of active competition. The members take an active interest in the game and propose to learn its complexities by means of their mutual interest.

## Radio Club

The Radio Club, under the direction of Mr. Frank Loguidice, meets once a week at which time a class is held where future amateur radio enthusiasts are primed in the basic mechanics of the electronics of radios. Also, the handbook rules and adeptness with a transmitting key are learned. It is hoped that by the end of the year most of the club members will be fully licensed amateur radio operators.

As no society is complete without music, the Band and Orchestra make whole the activities of the school. Under the direction of Mr. Edson Kimball, the Band adds color to the pageantry of the football games, represents the school in parades and provides music for special events. The Orchestra is a

popular part of school assemblies and the Senior Play. The Band and the Orchestra offer a valuable opportunity to those who plan to make a career of music, and offers others a stimulating change from the rigors of classroom activity.

## Girls Athletics Association

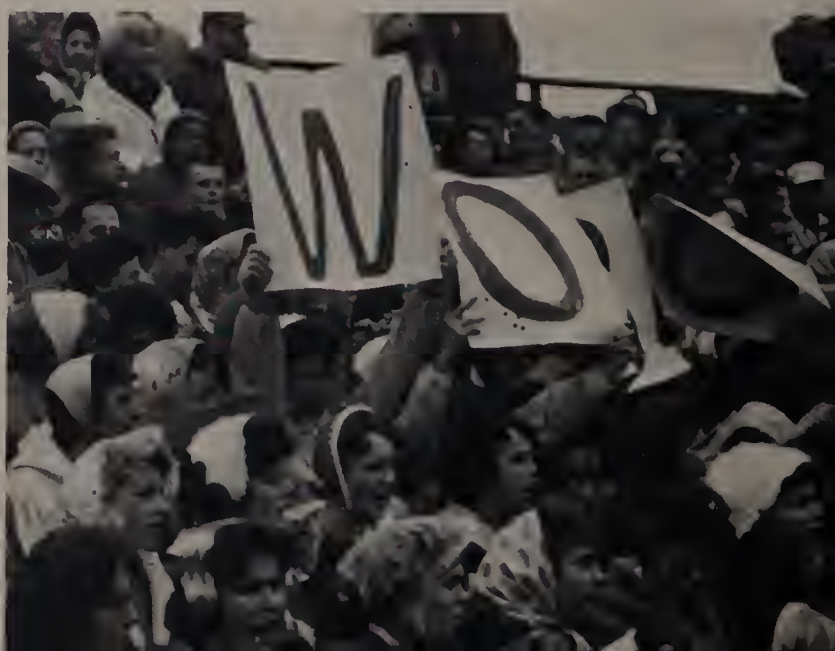

The Girls' Athletic Association, better known as the GAA, works in co-operation with the physical education department of the high school to promote girls' athletics. The major activity of this club is the maintenance of a refreshment stand at the sporting events of our school. The GAA welcomes sophomore girls of the school each September with a party. Other activities include a Christmas party and a banquet for senior members and their parents.

Combining an offensive punch good for 219 points in 8 games, with a strong defense which yielded only 76 points, the Tanners concluded a successful season by winning seven games and tying one.

Offensively, the Tanners relied mostly on the pitching arm of Quarterback Ed Foley, who completed 85 out of 136 pass attempts and passed for 14 touchdowns.

Woburn's king-sized forward wall, led by Co-captains Nelson and Quinn, proved to be too formidable for any penetration by most Tanner opponents.

The high points of the season were Woburn's win over Marblehead, which clinched the Northeast Conference Championship, and its 42-18 win over Winchester.

Finishing undefeated but tied, and third in Class "B", the Tanners were rewarded by the community with a holiday trip to Miami Beach and the Orange Bowl Game.

## Tanners 15 and 3 for Season

Sporting a 67.1 point per game average (1,208 points in 18 games) while holding their opponents to 50.8 points per game (915), Coach Skeffington's Tanners enjoyed a fine season. Employing the fast break, combined with an aggressive pressing defense, the Tanners played an exciting brand of basketball.

Leading in the scoring column was Co-Captain Ed Foley, who rolled up 444 points for a 24.6 per game average. Foley's 53 point performance against Amesbury and his three year total of 1,038 points established new records. Sharing honors with Foley were Co-Captain Jim Donovan and Nicky Bowers.

Coach Skeffington's two year record of 28 wins and 9 losses, plus a fine Junior Varsity team under Coach Foley, has stirred a revival in Woburn basketball, both in the school and the community. These facts, combined with the opening of new athletic facilities in September of 1963, would seem to add up to a rosy future in basketball.

## Hockey

With only one letterman, Captain Ronald Nelson, returning for the 1961-62 season, Tanner Coach Bob Connolly concentrated on building for the future. Since the seniors, for the most part, lacked experience, several promising sophomores and juniors saw considerable action. As the record — won 1, tied 2, lost 10 — shows, the team suffered primarily from a lack of experience rather than effort, spirit or determination.

## Tanners Take Aim at Titles

At about the same time this book goes to press, Woburn's veteran-studded baseball team will be eyeing two crowns — the Northeastern Conference Pennant and their second consecutive class "B" title. Although Coach McDonough lost several members of last year's championship team, the picture is brightened considerably by the return of three sports star Ed Foley, lost last year because of an arm fracture sustained in spring football practice. As a sophomore, Ed batted over .400, pitched a no-hitter in his varsity start, and played the best first base seen at Woburn High in years. In addition, there are several promising prospects up from Coach Paul Sweeney's once defeated Junior Varsity nine, namely, pitcher-outfielder Joe Carbone, catcher Buckie Doherty, firstbaseman Eddie Gill, infielder Ray Liddell and outfielders Jim Griffin and Bill McGowan.

The nucleus of the team will be returning veterans Tom Carney at second base, Jim Pereira at shortstop and Bill McDonough at third. Outfield posts will be filled by Nick Bowers and Jim Donovan, both of whom hit well over .300 last year.

In conclusion, it can be said that the most conservative forecasters are anticipating a winning season.

## Track

Track at Woburn High School received an added boost this winter when the Tanners were invited to join the newly formed North Shore League. All the indoor meets were conducted at the Philips Andover Cage.

Although disappointing from the point of view of losing all their meets, the Tanners were rewarded in the form of valuable experience in their first effort at indoor track.

Among the high scorers for the Tanners were Captain Don Durkin in the shotput, Bob Tait in the high jump and Joe Maltecea in the dashes.

High-flying Bob Tait.

# Girls' Tennis

The tennis team is composed of members of the three classes and plays a total of eight games. The team practices in the fall, but plays its matches in the spring. Tennis, which was made a varsity sport two years ago, is under the direction of Miss MacNicholl.

Spring brings the girls' softball team out for action. The ten games that are scheduled mean practice three days a week and dedicated work for all the players. The season from April through June should produce many wins for our sports-minded high school girls.

## Girls' Basketball

The Girls' Basketball Team played a 15 game schedule with teams in neighboring communities. This year the team played their home games in the Hurd School Gymnasium. Although not doing too well in the won and lost column, the team members did not lack in enthusiasm or spirit.
